

Vishwaguruji's Christmas Message 2020

Blessed Selves, dear Brothers and Sisters, All cultural, traditional and spiritual festivals contribute to unity, mutual understanding and forgiveness. Union takes place by giving understanding, insight, love and devotion to all living beings. There is much that we can give on such occasions, but the best gifts are forgiveness, understanding, good thoughts and loving words.

The highest Light is the Glory of God's presence in all living beings, as Light of Life. We shall recognize, love and protect this Divine Light in every living being,

The human existence is the tree of lights with beautiful and shining ornaments and decorations, where everyone finds what he needs. So that we do not forget this, in every age there are divine incarnations and saints who remind us of this truth.

I wish you a blessed Christmas and pray for you all for God's grace and protection, health, peace, happiness and success in the New Year.

May God protect us from misfortune, negative thoughts and energies. May God's light and blessing always be with you and accompany you with every breath.

With Love and Blessings from our Satgurudevas of the
Sri Alakhpuriji Siddha Peeth Parampara,

Yours, Vishwaguruji
